To : ramli20@gmail.com  
Subject : Home safety tips.

Dear Ramli,

Our school has organised a safety campaign today. These are the things that I want to share with you since you were absent from school.

It is important for you to know if there is any harmful situation in your house. If you find it, inform your parents. You also need to check the electric outlets. Make sure they are not overloaded with lots of plugs. Electrical appliances come with electric cords and make sure they are in good conditions. Unused electrical appliances should be turned off or unplugged when you and your family leave home.

It is better to have a fire extinguisher at your house. Ask your parents to buy one if your house has none and always keep sharp items like knives at a safer place.

I'll share more safety tips next time. Bye.
